

AREA 51 MUST SEE!!!!

Everybody knows about the fabled air field but what's behind the scenes?
We have all asked the question "Do aliens exist?" and mathematically they do,
But have they visited earth and maybe they have....

An anonymous GARGOYLE fan has leaked footage for my eyes only and said to
Let the world know it exists and here is the overview footage you have been waiting
for and i have scoped it for photoshop but the results came back negative which

means this picture is real.tell me what yall think.
